

Secret

Go Back to the Zoo

I'll never leave because you
taught me how to dance
dance to the beauty of the secret

I idolize I got your picture on my wall
I think we're beautiful together

I was a young boy
but now I'm crazy
I was a young boy
but now I'm wasted

I locked you up in the prison of my head
Oh how we used to dance together

when you feel the wind I'm whispering in your ear
I think we're beautiful together.
