

What If

Go Back to the Zoo

There's a riot in my backyard
but I can't hear what they say
why's everybody shouting
I hope I'm only dreaming

oh can you hear the sirens?
I think they coming for me
I hope I'm only dreaming baby
I hope that we can
dream the night away

If you knew the end is nigh
Would you still be here tonight

and don't you worry about your tv
cause this is never gonna happen
because we're only dreaming
yes we're only dreaming

And if I say
I hate you
would you still be here
and if I say!
I love you / I hate you / I love you
and I don't know why

and don't you worry about a thing girl
cause this is never gonna happen
