

## Loverman

Go-Go

Leaving town on a hurricane she made back in '94  
Stole an ounce from her brother's place, she's bad but I wanted more

'Cause I'm a loser, she's a cool girl  
I don't even know if she knows (Woo)  
Yeah, I'm a teaser, she don't need it  
Maybe we'd be better alone

I've been on the move, I'm running fast as I can  
Ain't got no money, ain't got no plan  
Spare me your loving, skip the romance  
'Cause, girl, you know I ain't your loverman  
(I ain't your loverman)

Pull me close at your friend's apartment, maybe we should close the door  
Now I'm lost in the love department, and I always thought that you wanted more (Woo)

'Cause I'm a loser, she's a cool girl (Woo)  
I don't even know if she knows  
Yeah, I'm a teaser, she don't need it  
Maybe we'd be better alone, yeah, yeah

I've been on the move, I'm running fast as I can (Woo)  
Ain't got no money, ain't got no plan  
Spare me your loving, skip the romance  
'Cause, girl, you know I ain't your loverman  
(I ain't your loverman)

I keep on running, never stop running  
I'll never stop running for you (Oh, no)  
I keep on falling, never stop falling  
I'll never stop falling for you

I've been on the move (Woo), I'm running fast as I can  
Ain't got no money, ain't got no plan  
Spare me your loving, skip the romance  
'Cause, girl, you know I ain't your loverman  
(I ain't your loverman)

(Yo)  
(I ain't your loverman)

I keep on running, never stop running  
I'll never stop running for you  
I keep on falling, never stop falling  
I'll never stop falling for you
