

# Milkshake Man

Go-Jo

Come and take a sip from my special cup  
I heard that you could use a little pick-me-up  
What can get you high when you're oh-so sad?  
It's the milk from the milkshake man

(Ah) Well, I got chocolate, vanilla and lactose-free  
(Ah) And a caramel banana that you have got to see

You can call me the milkshake man  
I wanna shake and make the whole world dance  
They drink my milk all across the land  
I can tell you want a taste of the milkshake man

Sh-sh-shake me good, sh-sh-shake me good  
I can tell you want a taste of the milkshake man  
Sh-sh-shake me good, sh-sh-shake me good  
I can tell you want a taste of the milkshake man

The shake is not a drink, it's a state of mind  
It's a secret superpower you were born to find  
Drink it every day and, before you know  
You'll be bigger and stronger with harder bones (Woo)

(Ah) Well, I got mango, mojito, a fruit ballet  
(Ah) And did you see the naughty special on my crème brûlée?

You can call me the milkshake man  
I wanna shake up all the milk I can  
They know my name all across the land  
I can tell you want a taste of the milkshake man

Sh-sh-shake me good, sh-sh-shake me good  
I can tell you want a taste of the milkshake man  
Sh-sh-shake me good, sh-sh-shake me good  
I can tell you want a taste of the milkshake man

Excusez-moi, monsieur, avez-vous du lait pour moi?  
When I say, "Sweet, sweet", you say, "Yum, yum"  
Sweet, sweet (Yum, yum)  
Sweet, sweet (Yum, yum)  
When I say, "Sweet, sweet", you say, "Yum, yum"  
Sweet, sweet (Yum, yum)  
Sweet, sweet (Yum, yum)

Sh-sh-shake me good, sh-sh-shake me good  
I can tell you want a taste of the milkshake man  
Sh-sh-shake me good, sh-sh-shake me good  
I can tell you want a taste of the milkshake man  
Sh-sh-shake me good, sh-sh-shake me good  
I can tell you want a taste of the milkshake man  
Sh-sh-shake me good, sh-sh-shake me good  
I can tell you want a taste of the milkshake man
