

# Never Let Them See You Sweat

Go West

Never let them see you sweat  
Never let them see you sweat  
Never let them see you sweat  
Yeah  
Yeah hey

They're out to get you  
They're only down with you  
For what they think that you've got  
It's very simple  
It's very fundamental  
You don't know who to trust and who not...

Gamble everything you make  
Hoping that you might get paid  
Everybody says you're brave  
But the truth baby,  
Is every little chance you take  
Turns into a big mistake  
Keep it inside  
Though you want to cry  
Listen to me for your sake...

They can drive you crazy  
'Till you doubt yourself  
It's the game plan baby  
Never let them see you sweat  
Say it don't faze me  
Not like someone else  
Ain't no if or maybe  
Never let them see you sweat

The pressure is rising up to test you  
So can you get over the hump?  
Then take it further and change the minds of brothers  
Who says that white men can't jump...

Gamble everything you make  
Hoping that you might get paid  
Everybody says you're brave  
But the truth baby,  
Is every little chance you take  
Turns into a big mistake  
Keep it inside  
Though you want to cry  
Listen to me for your sake...

They can drive you crazy  
'Till you doubt yourself  
It's the game plan baby  
Never let them see you sweat  
Say it don't faze me  
Not like someone else  
Ain't no if or maybe  
Never let them see you sweat

No, no...

Never let them see you sweat  
No, no...  
Never let them see you sweat

They can see you lose a game  
They can see you lose a bet  
They can see you lose your job  
Don't let them see you sweat  
You can even lose it all  
But you haven't done that yet  
Don't let nobody, let nobody  
Don't let nobody see you sweat

Gamble everything you make  
Hoping that you might get paid  
Everybody says you're brave  
But the truth baby,  
Is every little chance you take  
Turns into a big mistake  
Keep it inside  
Though you want to cry  
Listen to me for your sake...

They can drive you crazy  
'Till you doubt yourself  
It's the game plan baby  
Never let them see you sweat  
Say it don't faze me  
Not like someone else  
Ain't no if or maybe  
Never let them see you sweat

They can drive you crazy  
'Till you doubt yourself  
It's the game plan baby  
Never let them see you sweat  
Say it don't faze me  
Not like someone else  
Ain't no if or maybe  
Never let them see you sweat

No, no...  
Never let them see you sweat  
No, no...  
Never let them see you sweat
