

Only Love

Go West

Hey I'm caught up in the web you weave
The perfect storm a siren's song
You carry me away
Hey I'm tangled in the lies you tell
A honey trap no way back
I'm just a game you play
I'm in the wind I twist and turn
You light a flame in me
And you let me burn
But you give me nothing in return

And it's only love that brings me back to you
Right or wrong no matter what I do
Only love strong and true
It's only love that's taken hold of me
Fools my heart and fades my memory
Only love can stop the rain
Only love can make me stay
Only love..

Hey I lose myself in reverie,
You cast a spell so I can't tell
The water from the wine
Hey like a fever coming over me
I get so high that I can't find
The reason or the rhyme
You break my heart you bruise my soul
You tear my world apart
And you make me whole
I can't hold on I can't let go

And it's only love that brings me back to you
Right or wrong no matter what I do
Only love strong and true
It's only love that's taken hold of me
Fools my heart and fades my memory
Only love can stop the rain
Only love can make me stay
