

# The Sun And The Moon

Go West

My friend the night never lets me down  
But i can't keep dreaming for ever  
I need a picture for this empty frame  
Tell me the waiting is over  
Cause i can see myself in you  
We are leaves in the wind  
But together we can light up the sky  
I'll tell you why baby

I will be the sun. you'll be the moon  
Won't you let me be the one  
To shine a light on you?  
The day that we're together  
Can't come too soon  
And baby i will be the sun. you'll be the moon  
You'll be the moon

I've been searching for a desert bloom  
And i've found my one in a million  
So when the river is a raging flood  
I'll be the rock that you stand on  
The years of talking too myself  
Were like leaves in the wind  
From the moment i looked into your eyes  
I'll tell you why. baby

I will be the sun. you'll be the moon  
Won't you let me be the one  
To shine a light on you?  
The day that we're together  
Can't come too soon  
And baby i will be the sun you'll be the moon

You'll be the moon every midnight  
When i'm scared of the dark  
You will be there, baby  
To take care of me  
And i'll be the sun when you're sleeping  
I will watch over you  
I will hold you close and keep you safe forever...  
Forever girl

Cause i can see myself in you  
We are leaves in the wind  
But together we can light up the sky  
Girl together we can light up the sky  
I'll tell you why

I will be the sun you'll be the moon
