

## 4 AM

Goapele

Awake in bed at 4am  
Awake in bed  
Cuz lately sleep ain't been my friend  
you leave me with no happy end  
you said it all keeps  
and even though I might complain  
you know I feel the same ole way about you, babe  
I'll love you till the very end  
I love you, I can't see my life without you

We might be a long way from heaven  
But I won't give in  
No, not like this  
I feel it is my Saturn return  
There's a lot we can win  
Just not like this

I see us pass the sleepless nights  
I see us pass the silent fights and arguing  
We'll make it through the distance phases  
We'll make it through the stomach aches and crying, tears  
Somehow we're back to fear again  
Somehow we're back to questioning or leaving  
There's never been a silent end  
There's never been a nigh to spend without you

We might be a long way from heaven  
But I won't give in  
No, not like this  
I feel it is my Saturn return  
There's a lot we can win  
Just not like this

Silky soft words are forgotten  
But you treat me  
Come inside, I'll keep you warm  
Though it hurts me, leaves me torn  
Every time you lend a hand  
Our love outlasts the storm again  
Again  
Again

We might be a long way from heaven  
But I won't give in  
No, not like this  
I feel it is my Saturn return  
There's a lot we can win  
Just not like this
