I know you calling  
I know you calling

I know you calling  
You giving me feeling  
Give me all [?]  
Can't fight the feeling  
Your feelings like we act hard now  
Like you in a high that's rushing over me  
I got a secret  
I got a secret  
I got a secret  
I'll be different for you baby  
I'll be different for you baby

I can't let you know  
I got a secret  
Are you responsible?  
I got a secret  
Yeah I got a secret  
You bring it right out of me  
I got a secret  
Can you keep it?  
Yeah, yeah  
Say yes or say no  
'Cause I got a secret  
Oh yeah

And I know that you're outside  
I can feel your temperature base  
Look in my eyes if you looking for love  
Keep what you find  
'Cause I, I got a secret  
Need you to keep it  
Need you to hold it  
[?] to squeeze it  
[?]  
From AM to PM  
Keep that on the low  
Can you play in the deep end?  
Gotta know if it's worth letting go of my secrets  
More precious than diamonds and gold  
Gotta know if its worth it  
Show me that you worth it

'Cause I can't let you know  
I got a secret  
I hope you're responsible  
I got a secret  
Yeah I got a secret  
You bring the freak right out of me  
I got a secret  
Can you keep it?  
Yeah, yeah, yeah  
Say yes or say no  
'Cause I got a secret  
Oh yeah

'Cause I can't let you know  
I got a secret  
I hope you're responsible  
I got a secret  
Yeah I got a secret  
You bring the freak right out of me  
I got a secret  
Can you keep it?  
Yeah, yeah, yeah  
Say yes or say no
