

Gamble

Goapele

I feel it all in me
Like a game of tug of war in my heart, in my sleep
Never had the strength before now
I won't settle for defeat

'Cause life is a gamble anyway
I'll risk it all to see
I'll risk it all on dreams
I'll risk it all, believe

Some things, they never change
Like insecurities or second-guessing everything
But slowly as we fade
So many colors left in me
Maybe this time I'll let it be
If I'm alone at least I'm free

'Cause life is a gamble anyway
I'll risk it all to see
I'll risk it all on dreams
I'll risk it all, believe
'Cause life is a gamble anyway
I'll risk it all to see
I'll risk it all on dreams
I'll risk it all, believe

One day you'll find me when I'm finally free
I don't wanna lose it all
Don't wanna leave, oh, one day
One day you'll find me if it's meant to be
Don't wanna lose this chance
How could we lose it?

Life is a gamble anyway (It's a gamble)
It's a gamble anyway (Anyway)
It's a gamble anyway (Anyway)
But how could we lose it? (Yeah)
