

Hush

Goapele

Hush little baby,
Your momma is coming back soon
Trust me now baby
I'm working so hard for you
I know your daddy is gone
Maybe your daddy was wrong
Listen now baby,
Your momma will take care of you

You know I love you
I'd move a mountain with my hands if I had to
Anything for you
Baby believe me
I hope you can see
That your momma loves you
I love you

Hush little sunshine
I'm on my way home to you
I'll tuck you in
While I read you a story or two
No matter the day that I've had
Baby I miss you so bad
Listen my baby
Your momma will take care of you

This world is crazy
But you'll be alright
You'll grow up happy
And that's all I'll need in this life
All I need in my life

You know I love you
I'd move a mountain with my hands if I had to
Anything for you
Baby believe me
I hope you can see
That your momma loves you
I love you

Sometimes I feel
Like I can't do enough
I'm just trying to catch up and be there
When you need me to be
And I don't ever want to leave

You know I love you
I'd move a mountain with my hands if I had to
Anything for you
Baby believe me
I hope you can see
That your momma loves you
I love you
