

ride around

Goat Girl

I'll give more than this
We're just floating on the surface
Tell me stuff I didn't know
Take back all the undergrowth

The way it goes, I think you're kinda gross
Me and you, I think we could be close
Let out all there is to hide
I catch a glimmer in your eyes
Run 'round doing circles all the time
Let's be messy in the evenings

Shall we go
Ride around
Hit the floor
Dawn is out

Shall we go
Ride around
Hit the floor
Dawn is out

Shall we go
Ride around
Hit the floor
Dawn is out

Shall we go
Ride around
Hit the floor
Dawn is out

Shall we go
Ride around
Hit the floor
Dawn is out

Shall we go
Ride around
Hit the floor
Dawn is out

Shall we go
Ride around
Hit the floor
Dawn is out

Shall we go
Ride around
Hit the floor
Dawn is out
