

## sleep talk

Goat Girl

Call me on your way home  
Sleep talking down the phone  
No need to speak  
I know what you mean  
Cling to the silence  
Retrace your steps  
Roll into bed  
It's tried and tested

Wish I was there  
Holding the weight  
On top of my chest  
Please lay your head

Left to rest  
Close to my chest  
Curled up instead

'Cause when you're not there, I miss ya  
When you're not there, I miss ya  
Don't wanna be here feeling hurt, are you hurt?  
It's never too much, it's enough, it's enough

Left to rest  
Close to my chest  
Curled up instead

'Cause when you're not there, I miss ya  
'Cause when you're not there, I miss ya  
Don't wanna be here feeling hurt, are you hurt?  
It's never too much, it's enough, it's enough
