

Do The Dance

Goat

Looking into the burning sun
Remember when the fun begun
Night is done and the day is young
Going home to bang my drum

I can't get enough
I can't get enough

Feel the force of a new romance
Do the dance
Take a chance
Catch the groove when the heat is on
Going home to dry my bone

I can't get enough
I can't get enough

I can't get enough
