If you want my love, don't be so blind no more
If you want my love, don't so blind
If you want my love, you can't be mine no more
If you want my love, you can't be mine

If you want my love, don't be so blind no more
If you want my love, don't be so blind
If you want my love, you can't be mine no more
If you want my love, you can't be mine
