

Talk To God

Goat

Out in space, where did God come from
Out in space, where the Gods belong
Where the God belongs
Where the God belongs
Where the God belongs
Where the God belongs

Call my name when you talk to God
Call my name when you talk to God
When you talk to God
When you talk to God
When you talk to God

Be my friend stay until I die
Be my friend stay until I die
Stay until I die
Stay until I die
Stay until I die
Stay until I die

Call my name when you talk to God
Call my name when you talk to God
When you talk to God
When you talk to God
When you talk to God
