

If you're scared you can pray
"I will find you" you will say
Nowhere to run or to hide
I am right here by your side

If you go and hide
Sometime in your sleep
I will find my way to you

If you're rich or poor
I will connect with you
I've come to relieve you of your soul

If you're filled with gold
If you're grim and cold
I will find a way to you

If you're rich or poor
I will connect with you
I've come to relieve you of your soul (and all your brains)
