

The Devil's Warlords

Goatwhore

A silent becoming of vengeful birth
Grown from the soil of false contrite
Temptation's divine justice
A framework of deceit
Constraint begets chaos
Retribution praised

Heed this call to vanquish the drought of human will
Growing flames of intent illuminate revenge
Onset of defiant thought nourishes the rise of revolt
A clarion call to usher forth the collapse of all

Blasphemous desire adorned in contempt
Dehumanized from this forced regret
Malevolent force from the frigid void
Emerging to lead this evil crusade

Warlords to the death
Unafraid to die
Never bow to weakness
Slaughtering all that defy

Warlords to the death
Fearless of God
Dethrone the righteous
Give way to evil's rule

Desolate sentiment
Malicious force
Born from chaos
Sworn to destroy

Restless struggle erupts
Harboring hate
Trumpets of battle shout to engage
Open the gates of this bloodthirsty Hell
Summon the legions
Unleash the demonic spell

Chaotic agents
Impassive to life
Suffer this scourge
Evil's imminent rise

Warlords to the death
Armed with torment
Seducing revenge
Release the hellish force

Tumbling structures of illusive design
Ravage the illusion in majestic intent
Destructive end to an obedient plague
Shepherd the rise of this blasphemous reign

Drown the heavens in blood
Usher the world to doom
Accolades of violence

Chaos is absolute
Weaponize the sacrificial rite running through veins of revenge
A primal battle leads the way to the realm of death
