

(Get It) Tonight

Gob

This ain't a settle
It's something better
You have permission
There is something missing here
don't act what is it
you know it
you said it already
It is what you wished
Ain't no transmission

You know you're
gonna get it tonight
tonight yeah
You know you're
gonna get it tonight
tonight yeah
tonight

Avoid disaster
No one came after
This party is started at black
Here comes already the black
so well connected well damn
big blowing charters
It doesn't matter
the way you discovered it

You know you're
gonna get it tonight
tonight yeah
You know you're
gonna get it tonight
tonight yeah

Tonight you're
gonna get it
whoa
Tonight you're
gonna get it
whoa
don't you
forget it
Tonight you're
gonna get it
whoa

Ain't these great masters
Created your little bastards
Beautiful ladies
following after
you're suffocated dissipated
The glow of your tongue
Won't create your own protocol
I hope it won't break

You know you're
gonna get it tonight

tonight yeah
You know you're
gonna get it tonight
tonight yeah

Tonight you're
gonna get it
whoa
Tonight you're
gonna get it
whoa
don't you
forget it
Tonight you're
gonna get it
whoa

You're gonna get it
Won't you forget about it
You're gonna get it

Tonight you're
gonna get it
whoa
Tonight you're
gonna get it
whoa
don't you
forget it
Tonight you're
gonna get it
whoa
Tonight you're
gonna get it
whoa
Tonight you're
gonna get it
whoa
don't you
forget it
Tonight you're
gonna get it
whoa
