

Keep You Standing There

Gob

With the moon let stroked in your eyes
I will be I will be next to nothing
And the morning comes after all
With the more I see you again

I don't know
I don't care
I won't keep you standing there
I won't call
I don't care
I won't keep you standing

With the mountains boomed through the sky
Take a long hard look there's no tomorrow
and the rain falls cold into you
and the loneliness let me follow

I don't know
I don't care
I won't keep you standing there
I won't call
I don't care
I won't keep you standing there
I don't know
I don't care
I won't keep you standing there
I won't call
I don't care
I won't keep you standing there

I don't know
I don't care
I won't keep you standing there
I won't call
I don't care
I won't keep you standing there
I don't know
I don't care
I won't keep you standing there
I don't know
I won't keep you standing
