

# Hate Runs Through Me

God Complex

Drown me in my blood sweat and tears  
While you vacantly stare  
Into the dead eyes  
That you've created  
Dissolve me now  
You don't need me now  
I'm just a husk for you  
To use up and nullify

Feel the pain  
Stretch the surface of your skin  
Let it spill out of your eyes  
And fucking mouth

Retribution  
Let the roots wrap around your throat  
And as you swallow your own skin  
Don't you forget

You're filth and don't you forget that  
Your pain is all that I hope for  
Feel the pain

You steal yourself time  
To sew up the ends  
Of your frayed existence

Douse yourself in gasoline  
I want to be the one to light the match  
And watch you burn slow

Burn slow

I just want to see the life leave your eyes  
Scum
