Hey Stoopid

Hey bro, take it slow You ain't livin' in a video You're flying low with a high velocity No doubt, you're stressin' out That ain't what rock n' roll's about Get off that one way trip down lonely street

Now I know you've been kicked around You ain't alone in this ugly town You stick a needle in your arm You bite the dust, you buy the farm

Hey, hey, hey, hey, hey stoopid What ya tryin' to do Hey, hey, hey, hey, hey stoopid They win you lose Hey, hye, hey, hey, hey stoopid

C'mon girl, it's a better day Get your foot out of that grave Don't let that one love tear your world apart C'mon babe, kick that stuff Show the street it ain't so tough Quit lyin' around with a crippled, broken heart

Now I know you've been seeing red Don't put a pistol to your head Sometimes your answer's heaven sent Your way is so damn permanent

Now I know you've been kicked around You ain't alone in this ugly town You stick a needle in your arm You bite the dust, you buy the farm

This ain't your daddy talkin' You know, I know Your story ain't so shocking You know, I know Blow some steam C'mon and scream
