

Sailor

Godley & Creme

Sailor, I love you
But you only love the sea
Sailor, what's happening to me?

Like a ship in a bottle
You ache for the sea
Sailor, ache a little for me

I'll haunt every harbour till the sea decides
If our loves goes in or out with the tide
I'll still be here when the ocean's dried
Oh, sailor, you're still my man

Sailor, I love you
But you only love the sea
Sailor, why don't you love me?
Love me
