

## Silent Running

Godley & Creme

Learning to harmonize, realize, fraternize, fantasize I've got  
a feeling that's it's over It's been a long, long, long time com-  
ing I'd like to see this thing take over Silent running Silent  
running You've got your wires crossed and one of these days yo-  
u'll find You drew the short straw (short straw, short straw, s-  
hort straw) You gotta cut out the habit Of (oooh) picking up st-  
rays And try learning to harmonize, learning to harmonize, lear-  
ning to harmonize And when the join breaks, the head wakes up a-  
nd makes the heart break down And when the join breaks, the hea-  
d wakes up and makes the heart break down You know it's time yo-  
u saw it was over Tell me what else can you disapprove (?) I fe-  
el a harmony comin' on so move over And let's keep on running i-  
mprove (?) (agonize) Learning to harmonize Remember the good ta-  
kes the bad takes hands off the handbrakes The whole (?) change  
the spell breaks If you're doing all of this, you're learning  
to harmonize Learning to harmonize (learning to harmonize...)
