

Hell's Not Dead

Godsmack

Gotta leave cause I'm never real and never really knew how to stay
Same reason same old demons 'round my neck
I'm going back down the only road, the only bad road I've ever known
All alone is a feeling I call home

Hell's not dead
It's alive and well
Oh Hell's not dead
It's what I'm living in

Let me count these reasons, how many reasons I can give you today
To say the same old things I say
I'm staring myself wide open, am I ever gonna get it right
But I feel it, and I need it, to believe it, it's my time

Hell's not dead
It's alive and well
No Hell's not dead
Cause it's what I'm living in
Hell's not dead
It's alive and well
No Hell's not dead
It's what I'm living in
It's what I'm living in

Hell's not dead
It's alive and well
No Hell's not dead
It's what I'm living in, yeah
Hell's not dead
It's alive and well
No Hell's not dead
It's what I'm living in, oh
Hell's not dead
Hell's not dead
Hell's not dead
Hell's not dead
Oh no, Hell's not dead
