

## Situation

Godsmack

Lying in my sweat drying my tears,  
Waiting for you--I am...  
Making me feel like I don't care  
I don't care!  
This situation in my head.  
Will this situation ever end?  
How can I feel if I can't breathe,  
What we once had will never be again...  
This situation in my head.  
Will this situation ever end?  
I cannot take it anymore!  
I really like what you can give me,  
But I don't know where I'm  
standing right now, not yet!  
I really feel like you can hear me.  
Why your not turning this  
around I'll never know!
