

# From Heaven From Hell

Golden Earring

If there's a reason why you leave me  
Then I like to hear it now  
I'll simply bend my head  
I won't cry out loud

I know all this time we spent together  
Was not so important to you  
You always knew, there would come a time  
That I would sing my blues

And now you're playing with me  
Like you're playing card  
I'm losing before you start  
You know every trick of every game  
You look right through my heart

Oh woman, oh woman, you make it mine  
Ah, ah, yeah, oh woman, oh woman  
Oh yeah, you will be right at my door  
Ah, ah, oh

You're from heaven, from hell, from heaven  
You're from heaven, from hell, from heaven  
You're from heaven, from hell, from heaven  
You're from heaven, from hell, from heaven  
For ever I'm lost in your spell

Ooh and I would be a liar  
If I'm telling you, that I don't give a damn  
That you don't love me like I do  
Oh babe, babe I'm begging you  
I'm begging you down on my knees  
Oh please stay some more time  
I'd rather be dead than free  
Alright you leave me all alone  
I see the curtain fall  
And while you softly close the door  
It's your name I call

Oh woman, oh woman  
Oh woman, oh woman, here right at my door  
Yah, yah, yah, yeah, ah, ah, ah

Oh you're from heaven, from hell, from heaven  
You're from heaven, from hell, from heaven  
You're from heaven, from hell, from heaven  
You're from heaven, from hell, from heaven  
For ever I'm lost in your spell
