It's move groove, move movin' inside of me
With a steady beat, I repeat steady beat
My little muscle man, little power-plant, don't step on it
Nothin' to compete, with that piece of meat, so complete

Here comes your doctor Moore Best one you can afford The good doctor's remedy

Don't need no education Don't need no dedication

But I need my heartbeat

After makin' love next to me, I can feel your heartbeat

I love that motor drive, just for keepin' you alive

Mine's big enough and bad enough for the two of us

It's a dynamo, it's ruthless Here comes your doctor Moore Best one you can afford The good doctor's remedy

Don't need no information
Don't need no conformation
But I need my heartbeat
It's move groove, move movin' inside of me

With a steady beat, I repeat steady beat
My little muscle man, little power-plant, don't step on it
Nothin' to compete, with that piece of meat, so complete
Here comes your doctor Moore

Best one you can afford
The good doctor's remedy
Don't need no imagination
Don't need justification
But I need my heartbeat
