

Say It Out Loud

Goldfinger

Hate is a strong word
And I don't wanna live my life in fear
Say I will be heard
And I will promise this won't end in tears

Cuts like a sliver
And you can act like you're the one who's hurts
Cry me a river
But I'm the one that ends up drowning first

Assassinate me right behind my back now
Will you ever grow a spine?

Say it out loud, say it out loud
Say it out loud right to my face (oh oh)
Say it out loud, say it out loud
Say it out loud right to my face (oh oh)

Love is a lost word
Say it and it disappears in air
Run round in circles
Cry wolf so many times and no one cares

You can build the bridge you burned with those words
Save your breath 'cause no one cares

Say it out loud, say it out loud
Say it out loud right to my face (oh oh)
Say it out loud, say it out loud
Say it out loud right to my face (oh oh)

I never knew, I never knew
I never knew how much I meant to you dear
Don't think you even know what's true
There will come a day where I don't need you

Say it out loud, say it out loud
Say it out loud right to my face (oh oh)
Say it out loud, say it out loud
Say it out loud right to my face (oh oh)

Say it out loud, say it out loud
Say it out loud right to my face (oh oh)
Say it out loud, say it out loud
Say it out loud right to my face (oh oh)

Say it out loud, say it out loud
Say it out loud right to my face (oh oh)
Say it out loud, say it out loud
Say it out loud right to my face (oh oh)
