

Deep Honey

Goldfrapp

Your wild lies
Always start with wide
White lines
Summer shine

Your wild lies
Always start with wide
White lines
Summer shine

You don't like the dark
Fringed by silver sea
Always brave and pert
Sunday sun, you're up

Keep don't stop now
Me and you

Your wild lies
Always start with me
Don't come

You don't like the dark
Tears start
You don't like this star
Tears start
Sunday sun, you're up
