

# Road to Somewhere

Goldfrapp

Walking down the Mercer St  
Been a long hot summer  
Rain like daggers coming  
Down on me  
Get a feeling it's too late  
But alone, together, could  
Be we might start it up  
Allover again

Dream, dream you're not  
Too late  
Sweet road to somewhere else

Listen to the radio  
Are you calling?

3 o'clock I'm on my way  
On the road to somewhere  
Little clouds like wounds  
That blow away  
Listening to the radio like a  
Friend that guides me  
Playing out every song  
We used to know

Dream, dream you're not  
Too late  
Sweet road to somewhere else

Listen to the radio  
Are you calling?

Bring it on  
Come along  
On the road to somewhere  
Take our time  
See the signs  
On the road to somewhere
