

## Strict Machine

Goldfrapp

I get high on a buzz, then a rush  
When I'm plugged in u  
I connect when I'm flush  
U get love when told what to do  
Wonderful electric, wonderful electric  
Wonderful electric, cover me in u

I'm in love, I'm in love  
I'm in love with a strict machine  
I'm in love, I'm in love  
I'm in love with a strict machine

When u send me a pulse  
Feel a wave of new love through me  
I'm dressed in white noise  
U know just what I want so please  
Wonderful electric, wonderful electric  
Wonderful electric, cover me in u

I'm in love, I'm in love  
I'm in love with a strict machine  
I'm in love, I'm in love  
I'm in love with a strict machine

I'm in love

I'm in love, I'm in love  
I'm in love with a strict machine  
I'm in love, I'm in love  
I'm in love with a strict machine  
I'm in love, I'm in love  
I'm in love with a strict machine  
I'm in love, I'm in love  
I'm in love with a strict machine
