

Luna light, you're the spell
Coven up, let's be it, do it, celebrate it
Silver eye
Take a ride, light the sky
Make it burn, let's be it, do it, celebrate it
Silver eye

Systemagic magic
Systemagic magic
Systemagic magic
Be the wild, the wild fire

Take a ride, light the sky
Make it burn, let's be it, do it, celebrate it
Silver eye
Waning Moon in plutonic dreams
You're my kinda bling, my alibi

Systemagic magic
