

We don't look for trouble, we just have fun  
But there's always someone tryna show what they can do (Can do)  
Ooh (Yeah)  
I only roll with my day ones  
No apron, but my niggas, they will cook you (Yeah)  
Don't let it be you  
'Cause my whole squad on swole, you don't wanna get involved  
Get close, you might choke, we ain't on a joke ting  
Oh no, you don't wanna get involved  
Get close, you might choke, we ain't on a joke ting  
We ain't on a joke ting  
Oh no, we ain't on a joke ting  
We ain't on a joke ting  
Oh no, we ain't on a joke

Ridin' 'round slidin' in the coupe with  
Bad bitch, she don't wanna do shit  
Coupe big as fuck like a cruise ship  
Yeah, nigga back on the "Crew" shit  
Murder, dirty Glock on the yacht, uh  
Still actin' like I'm on the block, uh  
Still get a call from the boys in the pen'  
Puttin' money on the books when they lack  
Rich nigga do it for the children  
Wanna talk numbers, talk billions  
.44, nigga might kill him  
Move in the night, slide and I might  
Put that nigga where you can't see him  
And we might do it for no reason  
This how I moved all season  
Talkin' like a G, don't believe him  
I don't sleep, but please don't ask me why  
When it comes to you, can't help but lie  
When it comes to beef, I never hide  
If ya got a problem, don't be shy  
I thought we were cool, so why you nice?  
Don't repeat myself, won't say it twice  
Please be careful, I'm not even nice  
Been on road too long, I might just get the knife
