

Yeah, we gotta bring it back for Ye  
We have to pray, besides what the pastor say  
I have to say, since Steez passed away  
Most these rappers don't even deserve a track from me  
Got me on these old women, Uncle Phil with it  
I ain't ever trill with it, always keep it real with it  
I ain't ever, look, I ain't ever back from a fight  
I ain't ever had to answer, tell 'em back from a nigga, uh  
Illy-illy, she gon' celebrate her wins  
Papa drive a cab, but graduated to a Benz  
If it's up to me, I'll put a whole lot of somethin'  
Tell her open up the oven and she poppin' up with twins, yeah  
Never gave a fuck, niggas wanna gimme guff  
Pop a molly 'cause they don't think that I sweat enough  
On some hellas shit, need to get some better wins  
Need some better bitches, ooh, she better bring her better friends

DJ play it loud in the speakers

Yeah, I go in it where the kitty go  
My ol' girl though, she the greatest, that's historical

These boys game, we did prolly use a glory 'fore, the story goes  
He that nigga everybody know  
But they never tell him, 'cause they know he know  
I ain't trippin' though  
Actin' like I hit the medical  
I'm off the same shit Travis got his antidote  
Uh, it's night time and the night young  
That Mardi gettin' loud, I'm always spin the right ones  
Yeah, feelin' geechi on my pipe  
When the shorty suckin' crazy so I call her mouth Dyson  
Yeah, you ain't get it, you should run it back  
Play it back and back, it look like you my runnin' back  
Yeah, if there's a throne it's mine now  
I ain't even really grabbin' but I might now
