

Raps in my head, demon in my bed  
Got a man, when he 'round, leave my message read  
Keep me pissed off, so I'm all addicted to it  
Fuck me, thought that bitch dislike me, used to call me ugly  
Wish you would, wish you could, couldn't  
Karl Kani sweater, Nike hood jumper hood runners  
What the life I'm living, have to pay the price of living  
Now I'm kicked up, feet on the dash, with my skully's on

I moved on and left your mind since we fell through  
So glad that I can finally walk away (Walk away from you)  
'Cause you always coming back with the same issues  
Because you, you ain't gon' stay, oh, oh

Wanna grab ass when I hold your hands  
Yeah, fuck with me, I'm a whole man  
Yo, Zanta Ray spinning at the spot tonight

Cease to exist, girl, I'm with you, baby  
Hips lookin' healthy, lookin' like you had two babies  
I'ma try to hit it right up in that hoop lane, yeah  
Homies lookin' at me, "Why the fuck is you saving this bitch fo

Yeah, and listen to my heart more  
Yeah, I've been shut up for a while now  
Yeah, I got a son, but, yeah, need two more  
What you want from me?  
Do you wanna take the long way or take the short?  
Baby, tryna hit it in the morning, after work  
Baby, and then maybe make a new plan  
Keep that loose, baby, like Aaliyah

I moved on and left your mind since we fell through (Push your  
back, put your hands on your knee, baby)  
So glad that I can finally walk away (Push your back, put your  
hands on your knee, yeah)  
'Cause you always coming back with the same issues (Push your b  
ack, like we in the 90s)  
Because you, you ain't gon' stay, oh, oh
