

Lo-lo-love, lo-lo-love, lo-lo-love you
 Lo-lo-love, lo-lo-love, lo-lo-love you

Show me how to heal
 Teach me how to hurt
 See me at my best
 Hold me at my worst
 When it comes to patience
 Imma never learn
 But when it comes to you
 I have you comin' first

Tell me what's the price of love
 I'm tryna work (I'll make it work)
 Buy you any bag, any purse
 What's the worth?
 I can't buy you confidence if you're insecure
 You gotta love yourself but I'll say it first
 I

Lo-lo-love, lo-lo-love, lo-lo-love you
 'Til my heart stops, I got love for you
 Lo-lo-love, lo-lo-love, lo-lo-love you
 The gun that never stops even when we're gone, yeah
 Lo-lo-love, lo-lo-love, lo-lo-love you
 No matter where you go, I'll be here for you
 Lo-lo-love, lo-lo-love, lo-lo-love you
 Ain't something you say, it's something you prove

Freedom or connection
 Don't you make me choose
 Trust without possession
 Is that breaking through?
 Try to label love and tell it how to move
 But you can't bottle lightning
 You can't give it rules

You seeing eye to eye
 We got different views
 If we go eye for eye
 Everybody lose
 Blinded by your love
 Blinded by your affection
 The same wall got us trapped
 We caught in protection
 I

Lo-lo-love, lo-lo-love, lo-lo-love you
 'Til my heart stops, I got love for you
 Lo-lo-love, lo-lo-love, lo-lo-love you
 The gun that never stops even when we're gone, yeah
 Lo-lo-love, lo-lo-love, lo-lo-love you
 No matter where you go, I'll be here for you
 Lo-lo-love, lo-lo-love, lo-lo-love you
 Ain't something you say, it's something you prove

Lo-lo-love, lo-lo-love, lo-lo-love you

Lo-lo-love, lo-lo-love, lo-lo-love you

(They say a coward dies a thousand lives
A brave man only dies once
Every time I imagine you with someone else)
Lo-lo-love, lo-lo-love, lo-lo-love you
(You're cheating on me even when you're not cheating on me
I know I'm projecting my ex on you
Maybe I need to love myself)
