GOLDN

Age 18

I'm standing in the driveway
Car all packed I'm bout to hit the highway
Out this town and I'm scared as hell
I see you there
You're saying you love me
And tho it hurts you say you're so proud and happy
Of the man I am and how you've raised me

Maybe something has to end
For something new to began
I remember when you said...

Nothing stays the same forever
Life is bond to change
But you can save yourself a some heartache
If you don't run from the pain
I know it hard to hear but son
It's best you see this way
'Cause when you change the way you look at things they change

I'm 23 still feeling my first heartbreak
Tho it's been years a part of me's still healing
But I've pushed it down 'cause it still hurts to feel it
But times gone on I'm seeing differently
So long I hated you, regretting everything
But if you being you somehow made me me...
I wouldn't change a thing

Maybe problems come just so you and I can grow
Wouldn't that be nice

'Cause nothing stays the same forever
Life is bond to change
But you can save yourself some heartache
If you don't resist from pain
I know it's hard to hear but son
You can't control the rain
But when you change the way you look at things they change

I'm turning 25 with a new look a life
Feels like I've learned so much but still can't say I'm wise
'Cause there's things I know and there's things I don't
Oh I know one day I'll see a love one go
And I don't know how I'm supposed to let that go
But you can't fight that, it's just a part of growing old
I'll try to think of days we had and not the ones we won't

'Cause nothing stays the same forever
Life is bond to change
You can save yourself some heartache
If you don't resist the pain
I know it hard to hear but son
Sadness comes in waves
And one day I won't be around to say it

But if you change the way you look at it

You'll be okay
