

Falling Back

GOLDN

Feels just like a lifetime ago
Remembering the last time we spoke
We were crying on the phone
Strangers asking me what's wrong

Red eyes on the red eye home
Hardest thing I've ever done
Said we're better off alone
Took a couple years to know

It wasn't all
Beautiful
But we were younger then

Now I'm
Falling back in love with you
And you're falling back in love with me
Didn't go the way we thought it would
But we're exactly where we're supposed to be

I'm falling back in love with you
And you're falling back in love with me
Yeah times been changing things for good
And we're exactly where we're supposed to be

Ahhh eeeee
Eeeee
I don't wanna leave
We're exactly where we supposed to be

Don't it feel like coming home?
Special kinda comfortable
Walking down memory road
Places that we used to go

Same person I used to know
Still got all the inside jokes
Look at how far we've grown
Took a couple years to know

It wasn't all
Beautiful
But we were younger then

Now I'm
Falling back in love with you
And you're falling back in love with me
Didn't go the way we thought it would
But we're exactly where we're supposed to be

I'm falling back in love with you
And I'm falling back in love with me
Yeah times been changing things for good
And we're exactly where we're supposed to be

Ahhh eeeee
Eeeee

I don't wanna leave
We're exactly where we supposed to be
