

hurt people

GOLDN

Destination is on your left
Fourty Bakman Avenue

Spending my nights numbing my pain
Riding on each high, oh
You're on my mind, she on her way
Drowning on the inside, oh, yeah, yeah

Stuck in a wave, my God
Want me to change, I'm not
How many times we go through this
How many lines I've crossed
Run away, I told ya, yeah
Give it a break 'cause I'm broken, yeah
Stuck in a wave, my issues
How many nights I'll miss you

You shouldn't get involved with me
I'll only confuse your ego, mmm
I'ma leave, baby, don't miss me
'Cause hurt people just hurt more people

Losing my mind, killing my pain
Riding on each high, oh
Pay me no mind, you'll be okay
You'll get better in time, oh, yeah, yeah

Stuck in a wave, my God
Want me to change, I'm not
How many times we go through this
How many lines I've crossed

You shouldn't get involved with me, yeah
I'll only confuse your ego, mmm
I'ma leave, baby, don't miss me (Don't miss me)
'Cause hurt people just hurt more people
And I'm hurt people

Spending my nights (Stuck in a wave, my God)
Numbing my pain (Want me to change, I'm not)
Riding on each high, oh (How many times we go through this)
(How many lines I've crossed)
You're on my mind (Run away, I told ya, yeah)
She on her way (Give it a break 'cause I'm broken, yeah)
Drowning on the inside, oh (Stuck in a wave, my issues)
And I'm hurt people
I'm sorry
