Gomey

One thing I learned from you baby  
Is don't think with my heart, oh no  
Don't think that you'll ever change me  
Cause I'm stubborn and hurt

You don't like the way I do my thing  
All I ever hear is you complain  
You'd better be careful what you say  
Cause I know at the end of the day

I could find love  
Cause it's in the air  
I could find love  
Yes it's everywhere  
I could find love  
I don't need no prayer  
Cause I could find love anywhere

One thing I learned from you baby  
Is don't think with my heart, oh no  
Don't think that you'll ever change me  
Cause I'm stubborn and hurt

You don't like the way I do my thing  
All I ever hear is you complain  
You'd better be careful what you say  
Cause I know at the end of the day

I could find love  
Cause it's in the air  
I could find love  
Yes it's everywhere  
I could find love  
I don't need no prayer  
Cause I could find love anywhere
