Gomey

Sometimes I, can't help it  
Just wanna, be selfish  
You text me, like I've got nothing to do  
I'm like, yeah  
I've read it, I'm sorry  
Don't answer, when you call me  
I'll probably write back when you're finally sick of me

Yeah, not your Mr Right  
Mr Right Now, only hit you late at night  
And that got you so uptight  
Keep my phone on airplane  
I ain't even on a flight  
Like what

Do you feel when my phone  
Says leave a message after tone  
I'm gon' feel it when you're gone  
When you're gone

Sometimes I, can't help it  
Just wanna, be selfish  
You text me, like I've got nothing to do  
I'm like, yeah

Your DMs showing 'seen'  
Now you doubtin' I'm about it  
I'm about it when I need like  
Everybody wants a piece  
Thinkin' 'bout it most the time  
All I really want is peace, like

Do you feel when my phone  
Says leave a message after tone  
I'm gon' feel it when you're gone  
When you're gone

Once I reply you wanna play it cool  
I saw your 3 dots  
I know what you purposely tryin' to do  
Delayed your response  
I don't care at all  
Your number shows unknown  
It ain't even stored anymore  
Sorry
