

# Loop You

Gomey

Wish I could loop you  
You're like my favorite song  
Connect like Bluetooth  
No Netflix and Chill?  
Oh, is it too soon?  
Ooo ooo ooo  
Good thing I got Hulu

Baby, I ain't even gotta ask for it  
You know I got my ex girl's password  
Tell me why you playing like a bad sport  
Fast forward  
Downtown hit it off the backboard  
And I don't  
Treat these girls just like the remote  
I won't leave you lost or broke  
But still let you take the control  
Don't pretend you know how this movie ends  
Lost attention less than 10 minutes in  
Yes, we did

Wish I could loop you  
You're like my favorite song  
Connect like Bluetooth  
No Netflix and Chill?  
Oh, is it too soon?  
Ooo ooo ooo  
Good thing I got Hulu

I know you probably heard it all before but nobody gets you like I do  
I know you probably been hurt before and I won't continue that cycle  
It's love that I bring to the table  
So fuck all them labels  
Baby, let's fuck on this table  
I mean make love on this table  
And yeah  
Baby, I hope that it's stable  
Oh shit, it's actually stable?

Wish I could loop you  
You're like my favorite song  
Connect like Bluetooth  
No Netflix and Chill?  
Oh, is it too soon?  
Ooo ooo ooo  
Good thing I got Hulu
