

pharrell

Gomey

Yea
Watch me
Move

I'm for real

Bitch you already know the deal
Move the same way on my reels
That's for real
Bought all your attention for a steal
Watch me strike a pose
Shoot a still
Then I'm skatin' off like I'm Pharrell
I'm for real

She just wanna feel
She just swallowed pills
She just tryna deal
Oh
She just wants what's real

But do you even know what real life is?
Your worth comes from OnlyFan prices
On Instagram posting like you righteous
But all your boys'll treat you like a side chick
But nothing in this life'll come for free
Dancing in the mirror 'cause she knows she a freak
Every video could be a leak
But you know your secret's safe with me (me)

Cause bitch you already know the deal
Move the same way on my reels
That's for real
Bought all your attention for a steal
Watch me strike a pose
Shoot a still
Then I'm skatin' off like I'm Pharrell
I'm for real

She just wanna feel
She just swallowed pills
She just tryna deal
Oh
She just wants what's real

I been tryna find your affection
But you only see your own reflection
All them other boys are too aggressive
You scared of rejection
You need some direction
Life coach sessions
Yeah yeah yeah
But I just spent the weekend with a robe on
In between them cheeks until I doze off
The Mondrian feelin' like a mobile home

Cause bitch you already know the deal

Move the same way on my reels
That's for real
Bought all your attention for a steal
Watch me strike a pose
Shoot a still
Then I'm skatin' off like I'm Pharrell
I'm for real

She just wanna feel
She just swallowed pills
She just tryna deal
Oh
She just wants what's real
