

Wamme Bad

Gomey

I said my coupe too low for a fat hoe
I might beat the brakes off it
If that ass is fat though
And when I lose my cool I'm an asshole
Been like that since day one
But they still want me bad though
They still want me

She in her bag, yeah
Stole the keys from her daddy, yeah
She in the G Wagon
While he still in bed, yeah
Got sweats on
Lingerie under those
I'm like woah
I came out
She gave mouth
Legs gave out when she choked
This girl already horny when I said I'm on my way
You DM but I'm hittin'
I swear we are not the same
Got her hair tied
That corset feel like a cabaret
No tints
She on display

I said my coupe too low for a fat hoe
I might beat the brakes off it
If that ass is fat though
And when I lose my cool I'm an asshole
Been like that since day one
But they still want me bad though

I said my coupe too low for a fat hoe
I might beat the brakes off it
If that ass is fat though
And when I lose my cool I'm an asshole
Been like that since day one
But they still want me bad though

Coke from overseas on boats
The transport row and weighed it
Know this track gon' make more hoes madder than Roe V. Wade did
Most you thots get gassed by likes
You overrated
Got five more years till y'all look like porn stars that never made it
Yeah, I'm not even faded
Imagine if I did
Just take a couple shots
The type of shit that I'd be sayin'
Know you like me bad
Girl I'm only half playin'
Oh no

I said my coupe too low for a fat hoe
I might beat the brakes off it
If that ass is fat though

And when I lose my cool I'm an asshole
Been like that since day one
But they still want me bad though

I said my coupe too low for a fat hoe
I might beat the brakes off it
If that ass is fat though
And when I lose my cool I'm an asshole
Been like that since day one
But they still want me bad though
They still want me bad
