

why do i?

Gomey

Why do I drink?
Why do I think sometimes that shit that I been thinking?
Why do I drink?
Yeah
How do I cope?
Why you ain't on my time when I know that we go?
Maybe we don't

You know I get high sometimes
You know I tried you for size
What if I try to say the right things and choke?

What do I do you don't like?
Why do I still chase your vibes?
Why do I know I could do bad on my own?

Why do I love
When I know that you been on
Another one?

When you're drinking
Feel like I'm the only one
I'll have whatever you're on

Why do I try to sink?
Sink
Drown
Why do I always stay?
Stay around
Trapped
Why do you act unfazed?
Face down
Why do I let you?
Why, why, why?

Why don't you like how I stare when she's dancing?
Why do you care? Why you act so affected?
Why do your blessings just turn into lessons?
You're a question always but I need the answer

Go on and send me a wave
I know
You're always stuck in your ways
Die slow
If you think your lies deceive me
Don't you see your signs misleading?

Why do I try to love
When I know that you been on
Another one?

When you're drinking
Feel like I'm the only one
I'll have whatever you're on

Why do I try to sink?
Sink

Drown
Why do I always stay?
Stay around
Trapped
Why do you act unfazed?
Face down
Why do I let you?
Why, why, why?
