

# Revolutionary Kind

Gomez

Keep on kicking shit, keep running off the rails  
Keep on picking the dirt from 'neath your fingernails  
'Cause I'm not worried about your state of mind  
'Cause you're not the revolutionary kind

Keep on in the jungle with your techno-cality  
Keep on lapping up your chemical duty-free  
'Cause I'm not worried about your state of mind  
'Cause you're not the revolutionary kind

Keep on twisting turning, staring down the sun  
Keep on dancing dancing, dance with everyone  
You're not the revolutionary kind  
You're not the revolutionary kind  
You're not the revolutionary kind  
You're not the revolutionary kind
