

Fight

Gondwana

Cruising through town, slack-jawed tongue out

You're a moron

Turn on the radio.

Afraido.

Fire up that dim bulb And let some coke fuck piss into your ear

Hit'em with a left

Hit'em with a right

Hit'em with a left

Now fight fight fight (2x)

This is a white world and yeah it sucks

Sheep-fucking turd-kicking sow-sucking

Rednecks make me sick making hate babies

And worrying to death what I do with my dick
