

Breaks

Gone Is Gone

Due diligence
To tend the cycle
Down this road
With reckless abandon
Make sure there are no breaks

Now you're tying your boots on
Problem solving
Seeing if you can face it
Without flinching
Control the past

Make sure there are no breaks
Make sure there are no breaks
Make sure there are no breaks
Make sure there are no breaks

Pushing the wrong pedal
Hold it to the floor
Proof that true speak can take no prisoners
Doublespeak is all you know

Now your blinded sights of limitation
Feeling if you erase it
Ever reeling
First to last

Make sure there are no breaks
Make sure there are no breaks
Make sure there are no breaks
Make sure there are no breaks
Make sure there are no breaks
Make sure there are no breaks
Make sure there are no breaks
Make sure there are no breaks
