

Payoff

Gone Is Gone

Mystified of what I am able
Amazed to find a way eternally into my heart

You've rewarded me for all I've done

Justify the truth of who I am

Indulge me with all your problems
I'll take your breath away
And meld your arms to fuse with mine

Soon you'll learn the path from all I know
Choose the pass of greatness
Honor me

I welcome your intrusion
You take my breath away
You're greater than all payoffs
I'll take this every day
